Restaurant management, 2010 - 2017

Prior to my transition into web development, my career was in restaurant and bar management at a variety of establishments throughout New York and London.

My responsibilities included:

- * Operations infrastructure at James Beard Award and Michelin star restaurants.
- * Managing and advising a team of 25 front of house staff.
- * Participation in weekly revenue reporting and budget management.
- * Raising and maintaining gross profit percentage during weekly and monthly audits.

Arizona State University, Bachelor of Science in Food and Nutrition - 2010
